AWARDS

Research award- Model United Nations 2017

MIA GUZMAN

High school student GPA: 3.9

EXPERIENCE

**Museum Of Contemporary Art Internship-** May 2018  
As an 11th grader, I interned with the education manager, Mario Mesquita of MCASD. I took on small projects like helping curate for a ESP showcase or helping out with an art lab made for 4th graders of McKinley elementary students. I also took on bigger projects like contacting artists/colleagues, typing labels, art handling/curating the 2018 25 & Under Art Contest.

**San Diego Airport temporary exhibition 2017**  
Terminal 2 Baggage Claim 7, Lower Level (pre-security)  
Artist Don Porcella designed and facilitated a hands-on artmaking workshop for students from High Tech High Chula Vista over the course of one month. We created artworks that mirrored Artist Don Porcella's original work, making intergalactic characters out of colored pipe cleaners.

**San Diego Zine fest 2016**  
With the Artist student program at HTHCV we produced individual zines that had the theme of outer space. they were then given out for free at the 2016 San Diego Zine fest to promote our school and ourselves in the SD artist community

**Space 4 Art/ Sempiternal** Logan Heights - November 2015 - June 2016  
As a 9th grade class we worked with and interviewed artists that have a studio at Space 4 Art to help design then a tiny home on sketch up, then presenting it to the artists, the founders and architects of Space 4 Art. This project consisted of fundraising enough money for Space 4 Art to fund for the building aspect of the Tiny Home project.

**Space 4 Art/ Sempiternal - Logan Heights -November 2015**  
In this project my 9th grade class partnered up with Space 4 Art to help build a community park for the Logan heights community. With this project I helped with on-site building and off-site work consisted of designing the artistic aspect of the park.

**VOLUNTEER WORK**  
**I Love a clean San Diego 2017**  
I participated in a beach clean up hosted by ILACSD at the Tijuana River Valley on September 30th

I participated with ILACSD again at the Lemon Grove clean up on October 21st

SKILLS

|   |   |
|---|---|
| <b>Painting-</b> Acrylic, watercolor presentation skills.       | <b>photography-canon</b> 70D dslr             |
| <b>basic adobe illustrator skills.</b>                          | <b>time management</b>                        |
